

Geography

Geography at key stage 3 aims to ensure that all pupils:

- develop knowledge of the location of globally significant places .
- understand the processes that give rise to key physical and human geographical features of the world.
- are competent in the geographical skills needed to:
 - collect, analyse and communicate with a range of data gathered through experiences of fieldwork that deepen their understanding of geographical processes
 - interpret a range of sources of geographical information, including maps, diagrams, globes and aerial photographs
 - communicate geographical information in a variety of ways, including through maps, numerical and quantitative skills and writing at length.

Year 7:

What is geography?

Map skills

The United Kingdom

Settlement

Weather and climate
